MEMORANDUM FOR: Mr. John Norton Moore
Chairman, NSC Interagency Task
Force on Law of the Sea

SUBJECT : Draft Memorandum for the President
on Law of the Sea

REFERENCE : NSC-U/SM 137F

This is to inform you that the CIA concurs in the subject Memorandum for the President. It appears to set forth the controversial issues and positions fairly and comprehensively. However, as I said at the meeting today, I believe you could do the President a service if you could get the various dissenters to yield a bit in stating their individual nuances and to consolidate their statements of dissent. This would help in focusing the President's attention on the issues and incidentally reduce the size of the memorandum itself.
